

Transforming **fields,**
fertilizing **growth.**

What we offer

Fertilizers

Fertilizers are essential in agriculture, providing key nutrients like nitrogen, phosphorus, and potassium, as well as vital micronutrients. These elements improve soil fertility, promote healthy plant growth, and enhance crop yield, making them crucial for modern farming and gardening.

Transfert (M) Sdn. Bhd. supplies premium fertilizers for both business-to-business (B2B) and business-to-customer (B2C) markets. For businesses, it offers bulk supplies and customized blends to boost crop productivity. For individual customers, Transfert provides easy-to-use, high-performance options for home gardens and small farms, ensuring optimal plant health and growth for all.

Product

Urea – Granular & Prills

Muriate of Potash

Rock Phosphate (RP)

Ammonium Sulphate (Amsul)

Di – Ammonium Phosphate (DAP)

NPK Compounds

Monoammonium Phosphate (MAP)

NEW PRODUCT

High Green

This special fertilizer is imported directly from Japan to supply your plants with 10 essential micronutrients, ensuring healthy growth and a well-balanced diet for your crops.

ELEMENTS

Magnesium (MgO)	14.0%
Silica (SiO₂)	16.0%
Sulfur (S)	9.0%
Iron (Fe)	1.2%
Manganese (MnO)	4,000 ppm
Borate (B₂O₃)	3,000 ppm
Zinc (Zn)	300 ppm
Copper (Cu)	200 ppm
Molybdenum (Mo)	4 ppm
Cobalt (Co)	4 ppm

What we offer

Barn Owl Box

Barn owl boxes are designed to provide safe nesting sites for barn owls, encouraging them to settle in agricultural areas where they help control pests naturally. By attracting these owls, farmers can reduce the need for chemical pesticides, promoting more sustainable and eco-friendly farming.

Transfert (M) Sdn. Bhd. offers durable and easy-to-install barn owl boxes that support natural pest control. These products help farmers enhance biodiversity on their land, leading to healthier crops and a balanced ecosystem.

Product features

Carton box packaging size

860mm (L) x 570mm (W) x 210mm (H)

Outer dimensions

740mm (L) x 380mm (W) x 520mm (H)

Colour

Grass Green

Material

Thermoset Polymer

Weight

5.7 kg

Panel thickness

10 +/- 1mm

Product Assemble

Barn owl box complete assembly

Packing for pre-assembled unit in carton box

Carton box packaging

Benefits

Biological control of rat population in estates

Safer for non targeted animals

Optimises yield by reducing incidences of damages inflicted by rodents

RSPO/MSPO compliance in rodent population control in oil palm plantation

Cost savings in rodent control due to lesser usage of commercial baits

Light weight of the box allows easier installation and transportation, thus enabling wider coverage in plantation
